■What is DAIDO MORIYAMA's "RECORD"?

It was 34 years ago, back in 1972, that I came out with the self-published photo journal 'Kiroku.' At the time, I was busy with all sorts of work for magazines. Partly because of a daily feeling inside that I shouldn't let myself get carried away by it all, I came up with the idea of a small, self-published personal photo journal. Without any ties to work or any fixed topic, I just wanted to continue publishing a 16-page booklet with an arbitrary selection of favorite photos among the pictures I snapped from day to day. By nature, it was directed first and foremost to myself rather than other people. I wanted a simple, basic title, so I called it 'Kiroku' (record).
